

A high-contrast, black and white image of a long, narrow, rectangular object, possibly a piece of paper or a document cover, with a small, dark, rectangular mark near the center. The object is oriented horizontally and has a slightly irregular, elongated shape. The background is dark and noisy, with many small white specks. The object itself is mostly black with some lighter, textured areas, particularly along the edges and in the center. There is a small, dark, rectangular mark near the center of the object, which could be a stamp or a mark. The overall appearance is that of a scanned document or a photograph of a physical object.
